There is no charge for tuition to NC residents who are sixty-five (65) years of age or older; however, they must pay the insurance fee and the activity fee. *Note: Tuition is determined by the North Carolina General Assembly and is subject to change without notice.

Student Activity Fee Schedule

Activity fees are charged for fall and spring semesters only. No activity fee is charged for summer session.

Semester hours	Activity Fee
6 hours or more	\$19.00
3-5 hours	\$15.00
1-2 hours	No Activity Fee

Technology Fee

Effective Spring Semester 2003, all curriculum students will be charged a Technology Fee. The Technology Fee is used to defray the costs of operating the open computer labs. Fees collected are used to purchase consumables (such as paper, toner cartridges, etc.), equipment upgrades, and software.

Semester Hours	Technology Fee
7 hours and more	\$16.00
6 hours or less	\$ 8.00

Student Accident Insurance

Student Accident Insurance fee provides partial coverage for accidents occurring at school or during an off-campus, school sponsored activity. The insurance fee is \$1.50 per semester and is charged to all students.

*Note: Tuition is determined by the North Carolina General Assembly and is subject to change without notice.

TUITION REFUND POLICY

- (1) A refund shall not be made except upon the following circumstances:
 - (A) **A 100 percent refund shall be made if the student officially withdraws prior to the first day of class(es) of the academic semester as noted in the college calendar.** Also, a student is eligible for a 100 percent refund if the class in which the student officially registered is canceled due to insufficient enrollment.
 - (B) **A 75 percent refund shall be made if the student officially withdraws from the class(es) prior to or on the official 10 percent point of the semester.**
 - (C) For classes beginning at times other than the first week (seven calendar days of the semester) a 100 percent refund shall be made if the student officially withdraws from the class prior to the first class meeting. A 75 percent refund shall be made if the student officially withdraws from the class prior to or on the 10 percent point of the class.
- (2) To comply with the applicable federal regulations regarding refunds, federal regulations will supersede the state refund regulations stated in this Rule.
- (3) Where a student, having paid the required tuition for a semester, dies during that semester (prior to or on the last day of examinations of the college the student was attending), all tuition and fees for that semester may be refunded to the estate of the deceased.
- (4) For a class(es) which the college collects receipts which are not required to be deposited into the State Treasury account, the college shall adopt appropriate local refund policies.

North Carolina Administrative Code Title 23, Chapter 2, Subchapter 2D, Section .0200.0202

NEW REFUND POLICY PROCEDURES

The North Carolina Community College System is in the process of converting to a new administrative computer system. With this change comes new ways of handling registration and drop/adds.

The Tuition Refund Policy states that, "A 75% refund shall be made if the student officially withdraws from class(es) prior to or on the 10 percent point of the semester." In the past, students have been able to drop and add classes at different times during the Drop/Add period without having to pay any additional charges if their hours end up being the same. With BCC's new computer system, this will no longer be possible. Effective immediately, students will need to drop and add classes during the same registration transaction. Failure to do so will result in a 25% surcharge at the time of the student's drop or add.

Course	Section	Credits	Tuition
ACA 111	01A	1 hr	\$39.50
ENG 111	02	3 hrs	\$118.50
PSY 150	04	3 hrs	\$118.50
MAT 140	51	3 hrs	\$118.50
MAT 140A	51	1 hr	\$ 39.50
HIS 131	01	3 hrs	\$118.50

Example: Sam registers for the following classes during Registration.

On the first day of Drop/Add, Sam decides to drop HIS 131. He is credited with a 75% refund for the tuition paid (\$88.88). On the second day of Drop/Add, Sam decides to add CIS 110. The tuition is \$118.50. However, Sam has a refund credit of \$88.88; he will be required to pay \$29.62.

If Sam had dropped HIS 131 and added CIS 110 in the same transaction on the first day of Drop/Add, he would owe nothing, since they are the same number of credit hours. Students should plan their registration so they will not be charged additional tuition.

DISTANCE LEARNING ORIENTATION INFORMATION

Tele-courses: Orientation information will be given to students when they pay tuition. This information will include how to view their lessons, how to transmit and receive information with their instructor, and testing information. Tele-courses are indicated on the schedule as section 31 courses.

Internet courses: Students will receive login information and directions to complete an online orientation when they pay tuition. This orientation includes general information about taking an online course and a Blackboard software tutorial. Online courses are indicated by section numbers beginning with eight (81, 82, 83, etc.).

Hybrid courses: Students will receive login information and directions to complete an online orientation when they pay tuition. At the first class meeting, instructors will review the online portion of the course and how it will be used. The section numbers for hybrid courses begin with nine (91, 92, 93, etc.).

TELE-COURSES (SECTION NUMBERS BEGINNING WITH 3..)

Tele-courses are sections of curriculum courses that use a series of video/VHS lectures to deliver instruction. There are no class meetings except for an orientation meeting at the start of the semester and optional discussion sessions during the term. The instructor guides students through course assignments, testing, and grading. Instructor access is listed on the Instructor's Course Requirements. Tele-courses place greater responsibility on students who work independently. Students either watch the video lectures on public TV (PBS) or check out videotapes in the BCC library. In addition to the lectures, supplemental materials including textbooks and study guides may be used. Tests are taken in the Academic Center for Excellence at the Supply Campus. Some tele-courses utilize Blackboard as a communication tool.

NCIH INTERACTIVE VIDEO COURSES (SECTION NUMBERS BEGINNING WITH 4..)

The North Carolina Information Highway (NCIH) classrooms are located inside the library (Room 212) at the main campus and at the Leland Center (Room 224). This technology provides students with an interactive audio and video classroom, linked by a fiber-optic cable network with institutions throughout North Carolina.

In NCIH courses, students are able to interact with the instructor and/or classmates at other colleges. Some NCIH classes are taught by BCC instructors, and some are taught by instructors at other campuses. All instructors are accessible to their students by telephone, letter, email, fax, and interactively across the NC Information Highway.

INDEPENDENT STUDY COURSES (SECTION NUMBERS BEGINNING WITH 6..)

Independent study courses are courses in which students complete course requirements on their own, periodically meeting with the instructor for a minimum of 50% of the designated hours for the course; for example, a 64 contact hour course must meet 32 hours.

INTERNET COURSES (ON-LINE) (SECTION NUMBERS BEGINNING WITH 8..)

A growing number of Internet-based courses are offered at BCC. Most Internet-based courses are accessed through Blackboard course management software. Students should be aware that to be successful in these courses a certain amount of self-discipline is necessary. Courses may be accessed via the Internet from home or the BCC Computer Labs. It is essential that students have strong basic computing skills. For some courses, specific software may be required.

HYBRID COURSES (SECTION NUMBERS BEGINNING WITH 9..)

Courses which combine two or more types of instruction are called hybrids. Hybrid courses take many forms, and the exact format for each course will be explained at the first class meeting or orientation session. Most hybrid courses at BCC combine required course meetings and web-based instruction. For example, a course that traditionally meets twice a week may meet once a week and have assignments, reading materials, etc., on the web. Another hybrid combines tele-course materials and web-based instruction.
